Women's Quarters

@ Nami's room. It's clean.

Hammock storage (Pull the rope and a hammock descends.)
Stairs (enter from storeroom)
Storage box for surveying and navigation tools
Emergency exit (connects with the men's quarters, but isn't normally used).
Grog
Bar
Treasure chest (precious jewels, Nami's collection)
Bookcase
Desk

@ It was built by a carpenter, Mr. Tell, before the ship left Coco Village.

@ Merry (vol. 3, p. 148) designed this room for Usopp's friend Kaya, so it's nicely decorated.
